EARLY ENTRY/NO ATAR Courses 2021 ONLY

A different way to enter uni that won't depend on your ATAR. **For Semester 1, 2021 only.**

For a while now, we've had options for every ATAR. We're now taking it a step further, by adding an option that removes ATARs from the equation.

It's been a tough year (tougher for some than others). And so, to restore balance in the universe, we're making early conditional offers (as early as August!) based on a recommendation from your school. This isn't an easy way out, it's a determined person's way forward.

You'll still need to complete Year 12 and achieve specific subject study scores to receive a full offer, but you won't have to sweat the ATAR you end up with.
