ALTERNATE PATHWAYS

VCE STUDENTS – Achieve Latrobe

Your ATAR is one way to get into university – and to measure your achievement. But La Trobe's research shows there are other ways to predict your success. That's why you can now study a single uni subject online in Semester 2, 2020 (beginning in either July *or* November) and use your mark (instead of an ATAR) to get into a selected range of courses. With Achieve at La Trobe, get a taste of uni life and unlock an offer to an eligible degree based on your uni marks. Depending on the subject you choose, you can also receive credit towards your future degree. We'll use your subject mark to calculate a La Trobe ATAR equivalent score, and if you also receive an ATAR in 2020 we will use whichever result is higher to assess your application. Achieve at La Trobe is free and online.

For further information visit:

www.latrobe.edu.au/study/apply/pathways/undergrad/achieve-at-la-trobe

VCE & VCAL (Senior) STUDENTS – Prepare for Latrobe

“Prepare for La Trobe” is a pathway option to La Trobe University which involves studying micro-subjects that set you up for success in future study.

If you're a VCE, HSC or IB student, you'll need to complete *three micro-subjects*. If you're a VCAL (Senior) student, you'll need to complete *six micro-subjects*. (Study in either July, September, November, or January). We'll take your average mark across these subjects and use that to calculate a La Trobe ATAR equivalent.

And if you also receive an ATAR in 2020, we'll look at your ATAR and at your average mark across your micro-subject and use whichever result is higher to assess your application. Choose from subjects taken from our [Tertiary Preparation Program](#).

For further information visit:

www.latrobe.edu.au/study/apply/pathways/undergrad/prepare-for-la-trobe

DISCOVER DEAKIN COURSE WEBINARS

To Register Visit:

www.deakin.edu.au/about-deakin/events

Medical Imaging

Wednesday 15th July 6:00pm – 7:00pm

Discover Deakin's Bachelor of Medical Imaging, a course equipping you with the latest knowledge in medical radiation science, including ultrasound, X-ray, and magnetic resonance imaging. You'll learn in our state-of-the-art facilities and take part in extensive clinical placements to ensure you graduate career-ready.

Occupational Therapy

Monday 20th July 6:00pm – 7:00pm

Learn more about studying [occupational therapy](#) at Deakin – a course that will equip you to promote good health and wellbeing and improve people's lives every day. As a qualified occupational therapist, you'll work collaboratively with people who have a range of health limitations, including those caused by injury, health conditions, delayed development, or the effects of ageing.

Public Health and Health Promotion

Tuesday 21st July 6:00pm – 7:00pm

Deakin's [Bachelor of Public Health and Health Promotion](#) gives you the chance to make a real difference to people's lives on a broad scale. Find out more about this impactful degree and how it can help you shape a healthier, happier future for individuals, communities, and populations. Learn more about careers in public health and health promotion and hear from one of our course experts on where this degree could take you.

OPTOMETRY

Wednesday 22nd July 6:00pm – 7:00pm

Deakin University's 3.5-year accelerated optometry course is a specialised combined degree that focuses on detecting, managing, and treating eye disease and supplying corrective solutions. It leads to registration as an optometrist and provides graduates with the discipline-specific knowledge required to practice as an optometrist throughout Australia and New Zealand.

NURSING AND MIDWIFERY

Thursday 23rd July 6:00pm – 7:30pm

Find out why Deakin's School of Nursing and Midwifery has been ranked in the top 1% in the world for nursing. You'll graduate in demand, with the knowledge, skills, and professionalism to work as a registered nurse and/or midwife in a diverse range of health settings.

Discover What's Next: Fashion

Thursday 16th July 6:00 pm - 7:00 pm

From design to textile development, merchandising to marketing, build a beautiful portfolio of work to help get your start in the fashion industry.

This is the perfect session if you're in secondary school and are considering studying Fashion courses at RMIT.

Discover What's Next: Health and Biomedical Sciences

Thursday 23rd July 6:00 pm - 7:00 pm

Find your place in the healthcare industry and choose from roles in mental health, nursing, medical science, complementary medicine and more. This session will also allow you to discover how pharmaceutical, laboratory and biomedical science fields can change lives and communities.

This is the perfect session if you're in secondary school and are considering studying Health & Biomedical Sciences courses at RMIT.

Webinar: Art Design and Architecture

Wednesday 15th July 6:00 – 7:00pm

Interdisciplinary learning plays an important role in preparing people for the workplaces of the future. Our interdisciplinary and studio-based Bachelor of Design course allows students to complete specialisations in communication, industrial, spatial, or collaborative design.

Webinar: Business in an International World

Wednesday 15th July 5:30 – 6:30pm

Join current International Business students and graduates as they discuss internships, study abroad and post degree experiences. How did international study improve career progression, and how can internships be used to get a foot in the door to a job, especially in the current climate?

ACU | Guarantee and Entry Pathways

Guarantee your place at ACU, even before your Year 12 exams. The ACU Guarantee program offers eligible Year 12 students a place at ACU based on your Year 11 results.

Offers may be made as early as September. While successful applicants must still complete their Year 12 exams, you can do so secure in the knowledge that your marks from Year 11 meet our entry requirements. You may also enhance your entry score by including a short personal statement that gives ACU an insight into your personal circumstances and motivation for university study.

Applications open 3 August 2020.

To register your interest visit: www.acu.edu.au/study-at-acu/admission-pathways/acu-guarantee
