UNIVERSITY SCHOLARSHIPS

Each year Youthrive Victoria offers a number of scholarships for Year 12 students who are planning to go to university. The number and value of scholarships we offer each year is dependent on funding and donations. University scholarships are funded by private donors, philanthropic trusts and sponsors and provide up to \$10,000 per year for three years plus transition and career mentoring and leadership development opportunities. Scholarships are awarded to Year 12 students who have leadership potential and a commitment to contributing to a strong, just, and sustainable rural and regional Victoria. Applications are open to Victorian Year 12 students who plan to attend university after they complete secondary school. Each rural/regional school can endorse a maximum of three applicants. Selection criteria include demonstrated leadership capacity or potential, financial need, desire to return to rural Victoria after graduation, community service and academic ability.

Applications open 22nd June 2020, and close August 24th.

For information re: the selection of the three Students who will be endorsed for these Scholarship applications, please speak with your School's Year 12 Co-ordinator.

RURAL CHANCES – TAFE/APPRENTICESHIP SCHOLARSHIPS

Youthrive RURAL CHANCES scholarships are for young rural Victorians who are facing significant financial or social challenges, who have career aspirations and want to/or are studying at TAFE or undertaking an apprenticeship.

Applications for Rural Chances Scholarships open in term 3 and close in October each year.

The online application process is really simple and requires you to submit either a written application or a video application.

Visit: www.youthrivevictoria.org.au/scholarships/rural-chances/how-to-apply/ for more info.

Rural Chances scholarships are the vision of a regional philanthropist who has worked closely with Youthrive Victoria to design the scholarships. The aim is to meet the needs of rural communities by providing a skilled and flexible workforce.

MONASH INFORMATION EVENING

MONASH University

We know that choosing a university is a big decision. Get all your questions answered at our information evening webinar.

During the informative webinar, you'll learn about what it's like to study at Monash. Find out about our range of courses, accommodation options, scholarships, student life and so much more!

What are Pre-apprenticeships?

Pre-apprenticeships are entry level training which can provide a pathway into the industry of your choice. They are offered in a variety of traditional trades industries, such as Carpentry, Electrical, Plumbing and Automotive. Pre-apprenticeships can assist in improving literacy and numeracy skills as well as focusing on developing some essential work related skills. These skills can help you be better prepared for work and be a stand-out job candidate.

Benefits of undertaking a Pre-apprenticeship

- Find out whether a particular industry is right for you, without committing to a full apprenticeship
- Undertaking a pre-apprenticeship that includes work experience will help with your chances of finding work, by giving you direct experience to put on your resume
- Develop basic on-the-job skills and some industry-specific skills
- The provider you are doing a pre-apprenticeship with may be able to help you find an employer
- Some employers, particularly in the trade industries, have a preference for people who have completed a pre-apprenticeship. They see the initiative as providing a good grounding in basic skills and workplace awareness
- You may receive credit for the study completed, which could shorten the time it takes to complete a full apprenticeship.

For further information visit:
