Artificial Intelligence (AI)

Friday 12th June 6:00pm – 7:00pm

Deakin's **Bachelor of Artificial Intelligence** will equip you with the knowledge and skills necessary to design, develop, and evolve software solutions that take advantages of the latest advances in artificial intelligence, creating a large demand for skilled professionals.

The **Digital Apprenticeship Program** is for Australian citizens who are passionate about digital technology. You don't need a degree or any prior study for the program. You just need to be interested in digital tech and solving problems. So, if you're looking for a career change or finishing year 12, this program is for you. If you enjoy pulling apart or building PCs, setting up home networks, building apps, finding trends in data or simply problem solving and making things simple, then you should consider applying.

Applications for the 2021 program are Open Now!
