## EXPERIENCE DAYS

### RMIT | Tech & Trades Experience Day 2023

June 29, 2023

Come and be a part of RMIT's Tech and Trades Experience Day, an exciting event that lets you delve into the dynamic world of Technology and Trades!

Don't miss out on this exclusive chance to gain practical knowledge, explore potential career paths, and network with industry professionals. Join us at RMIT's Tech and Trades Experience Day and get a glimpse of what your future could hold!

We welcome all year 10, 11 and 12 high school students as well as parents/guardians. Students can participate in two hands-on workshops, tour facilities, interact with staff and students, and win prizes. Parents can connect with staff, students, and industry guests to learn about opportunities at RMIT.

Students will have the chance to choose two workshops from fields such as:

**Building Design, Carpentry, Cyber Security, Electrical, Engineering, Refrigeration, Information Technology, Plumbing, and Surveying.** These fields offer strong industry growth and promising future career prospects.

## CAREER RESEARCH

I want to be  
an apprentice

An Australian Apprenticeship refers to a qualification that is completed through working on-the-job, studying off-the-job and earning a wage. The term 'Australian Apprenticeship' covers both apprenticeships and traineeships.

Apprenticeships and traineeships are completed with a hands-on learning style, which makes them a great alternative for those who don't wish to complete traditional studies. There may be some classroom-based elements, but these are linked to things you will be doing in your job.

*For Further information visit:*

[www.australianapprenticeships.gov.au/apprentices](http://www.australianapprenticeships.gov.au/apprentices)

## CAREERS IN CARE AND SUPPORT

### **What are Care and Support Careers?**

Care and support workers look after the wellbeing of older people, people with disability, and veterans. They provide help with day-to-day living, and practical and emotional support in a person's home, out in the community, or in a care home, clinic, or hospital. The demand for care and support workers is growing as Australia's population ages. The industry provides flexibility with full time, part time, and casual job roles available.

### **What skills and strengths are needed?**

The care and support workforce needs to be as diverse as the people it supports. In general, though, care and support workers need to like helping people, have empathy and patience, and be trustworthy and responsible. Try the quiz Would You Be a Good Fit? to see if your interests and personality are a match.

[www.careandsupportjobs.gov.au/why-choose-care-and-support/care-and-support-work-right-you](http://www.careandsupportjobs.gov.au/why-choose-care-and-support/care-and-support-work-right-you)

### **What are the pathways?**

There are many pathways into different care and support occupations, but entry level roles may require a VET Certificate III in Individual Support, Certificate IV in Disability, or a Certificate IV in Ageing Support. You can learn more about the VET and university pathways into care and support careers here:

[www.careandsupportjobs.gov.au/skills-and-training/pathways-care-and-support-sector](http://www.careandsupportjobs.gov.au/skills-and-training/pathways-care-and-support-sector)
