## CAREER RESEARCH

The Engineering Australia website states that Engineering is an occupation with extremely wide reach. The term 'engineering' covers many fields and, by extension, many skills. Engineers are scientists, inventors, designers, builders, and great thinkers. They improve the state of the world, amplify human capability, and make people's lives safer and easier.

There are so many different types of engineering, and students are encouraged to browse the following link, and also watch the useful YouTube clips available at that link - [www.engineersaustralia.org.au/For-Students-And-Educators/Engineering-Careers/What-Is-Engineering](http://www.engineersaustralia.org.au/For-Students-And-Educators/Engineering-Careers/What-Is-Engineering)

## CAREER EXPOS

If you didn't get the opportunity to access the wide range of stories, experiences, career information and exhibitors during National Careers Week, don't worry – Year13 have extended their Online Expo for one more week. They've also removed the requirement to **RSVP, create an account or log in.**

**Visit:** <https://year13.com.au/expo/year13-expo-2022/> to access all of our inspiring career content.

## APPRENTICESHIPS & TRAINEESHIPS

### WHAT ARE PRE-APPRENTICESHIPS?

**Pre-apprenticeships** are entry level training which can provide a pathway into the industry of your choice. They are offered in a variety of traditional trades industries, such as Carpentry, Electrical, Plumbing and Automotive. Pre-apprenticeships can assist in improving literacy and numeracy skills as well as focusing on developing some essential work-related skills. These skills can help you be better prepared for work and be a stand-out job candidate.

### Benefits of undertaking a Pre-apprenticeship

- Find out whether a particular industry is right for you, without committing to a full apprenticeship
- Undertaking a pre-apprenticeship that includes work experience will help with your chances of finding work, by giving you direct experience to put on your resume
- Develop basic on-the-job skills and some industry-specific skills
- The provider you are doing a pre-apprenticeship with may be able to help you find an employer
- Some employers, particularly in the trade industries, have a preference for people who have completed a pre-apprenticeship. They see the initiative as providing a good grounding in basic skills and workplace awareness
- You may receive credit for the study completed, which could shorten the time it takes to complete a full apprenticeship.

**For further information visit:**

[www.aapathways.com.au/about/pre-apprenticeships](http://www.aapathways.com.au/about/pre-apprenticeships)

## WORKSHOPS

National Institute  
of Dramatic Art

# NIDA

### NIDA Online | Introduction to Acting

**Tuesday 31 May 6pm - Tuesday 14 June 8:00pm**

*Online*

Be introduced to the fundamental skills of an action-based acting technique. Connect to your inner playfulness, be present in the moment and learn to create character. This is a fully online course designed for beginners and is delivered through NIDA's online learning management system.

**Find out more:**

[www.open.nida.edu.au/course/OANOIA](http://www.open.nida.edu.au/course/OANOIA)

### NIDA | Audition Preparation Workshop

**Monday 27 June 10am - Friday 1 July 5pm**

*NIDA Southbank*

Ensure you are informed and prepared for NIDA BFA Acting auditions. Gain insight into material selection and work with NIDA tutors to explore vocal and physical technique. Work on your audition material to ensure you are open and ready for the challenges of the audition process.

**Find out more:**

## UNIVERSITY NEWS

### Defence Civilian Undergraduate Sponsorship

The Department of Defence is offering sponsorships to students who have completed their secondary education and are interested in pursuing a degree as a **civilian** student on campus at the UNSW Canberra at ADFA. Civilian students will learn alongside military cadets who are training in order to join the Australian Defence Force in either the Navy, Army, or Air Force. The Department of Defence will determine the undergraduate degree disciplines that will be offered from the following options:

- Bachelor of Engineering (4 years)
  - Aeronautical,
  - Electrical and
  - Mechanical.
- Bachelor of Computing and Cyber Security (3 years)

There are no military service obligations or requirements. This is a sponsorship for civilian students who may be interested in a civilian career in the Department of Defence.

**Find out more:**
