Nov 14, 2021 - 1:00 PM AEDT

<https://takealtus.com/casper/>

VTAC, SEAS and Scholarships

A reminder that the **VTAC applications** (timely) close on 30th September. This closing date doesn't mean that you

have to have all your course preferences listed in the correct order, it just means that you must have created your VTAC account and put in some preferences by this date in order to avoid any late fees. You can add in and take out courses right up until after you get your Year 12 Results. Just be aware that there are some courses that close early (this means that these courses must be in your preference list by 30th September) – you can find a list of these courses here: <https://www.vtac.edu.au/early-close.html>

SEAS and Scholarships both close on October 8th 2021!

Folio Development Workshop

September 22nd 10:00pm – 3:00pm

Federation University Arts Academy and the Art Gallery of Ballarat invite you to an online folio development workshop. We have moved this workshop online due to COVID restrictions. The good news is that everyone can now join! This workshop takes you through the process of gathering inspiration and transforming your observations to create ideas for artworks. Throughout the day you will transform your observations into artworks exploring a variety of materials and techniques including drawing, printmaking and sculpture. Register by **Monday 13th September** and we will send you a pack of art materials to use in the workshop (and cross our fingers that they reach you in time). <https://events.federation.edu.au/>

EXPERIENCE ACU – Ballarat campus

28th September – 9:00am – 1:30pm

Join our free Experience ACU activities. Tailored to your study area of interest, these sessions will give you an insight into life as a uni student.

ATAR Notes | Free Online VCE Revision Lectures

ATARNotes

Monday 27th Sept 9:30am - Friday 1 Oct 4:00pm

Our legendary revision lectures, delivered by elite past students, can give you a huge advantage going into Term 4. Sessions in this series cover a huge range of subjects. Why register?

- Tune in to heaps of lectures delivered by recent elite year 12 graduates
- Ask questions live and get immediate answers
- Come back and rewatch any time, download slides for your own study and more

Find out more: <https://atarnoteslectures.com/vic>

Exam Preparation Programs

Are you looking for something to help you get on track with your studies and boost your exam results? There are heaps of places out there that run ATAR and exam preparation courses and workshops made especially for high school students. From mathematics to arts, STEM to English, there is a course out there for every subject.

These programs can give you tips on how to study effectively, exam preparation techniques, subject-specific advice and more. Many of them are run by expert teachers and markers who know their stuff, so you know you're in good hands.

Many organisations run programs throughout the school holidays as well, meaning you can get on top without having to worry about other assignments and study. There are workshops run both in-person and online, so there's something for everybody.

Department of Education and Training Year 12 Scholarship Opportunities

Scholarships ranging in value from \$600 to \$30,000 are available to support current Year 12 students intending to continue their studies next year. Applicants are encouraged to apply for as many scholarships that they may be eligible for (keep an eye on the websites for updates)

Visit:

<https://www.eduweb.vic.gov.au/scholarships/list.aspx?YearID=1>

Where are the JOBS?

There are lots of industries you can work in, but not all of them are the same size. The largest industry in Australia is Health Care and Social Assistance, which is expected to employ over 2 million people by November 2025. In contrast, the smallest industry (electricity, gas, water, and waste) will employ around 164,000 people at the end of 2025.

The size of an industry does not correlate directly with your chances of getting a job, so if you've got your heart set on one of the smaller industries completely ignore this article. If, however, you're more concerned about increasing your chances of finding a job, then you may want to know where the jobs are most likely to be.

We know some jobs are growing faster than others *within* each industry – for example, the Accommodation and Food Services sector is growing, but most of the jobs are as waiters and store or restaurant managers, while the number of workers who sell tickets or maintain vending machines is in decline.

Find out about the fastest growing jobs to 2025:

Fastest growing jobs in Health Care:

- Personal and disability carers
- Aged carers
- Nurses
- Midwives

Fastest growing jobs in Professional, Scientific, and Technical Services:

- Business and systems analysts
- Software and app developers
- Engineers
- Architects, designers and planners
- Advertising, PR and sales

Fastest growing jobs in Accommodation and Food Services:

- Hospitality
- Wait staff
- Hospitality managers
- Chefs
- Cleaners

Fastest growing jobs in Education and Training:

- Teachers (VERY location dependant)
- Teacher aides

Fastest growing jobs in Construction and Trades:

- Labourers
- Electricians
- Bricklayers
- Carpenters and joiners

Your location can affect the job opportunities near you:

The number and type of jobs available vary greatly by location, see the following tables in regards to Regional Victoria and Melbourne:

Regional Victoria

Industry	Number of new jobs by 2025
Health Care	14600
Accommodation and Food Services	6400
Construction and Trades	6100
Education and Training	4900
Professional, Scientific, and Technical Services	4700

Melbourne

Industry	Number of new jobs by 2025
Health Care	52200
Professional, Scientific, and Technical Services	42000
Accommodation and Food Services	39100
Education and Training	33100
Construction and Trades	21500
