

## TAFE

Did you know that university isn't your only study option after leaving school? TAFE or Vocational Educational & Training (VET) is a great way to get skilled up and ready for work, and it's often faster than the traditional university pathways. Some TAFE courses are even free!

### School to TAFE

Many TAFE/VET courses have no subject prerequisites or ATAR requirements for enrolment. Some courses you can even study while you're still at school through a VET in schools program. You can also get paid while you learn by starting a School-based apprenticeship or traineeship.

### TAFE to Uni

Getting a TAFE/VET qualification can also be a great pathway to university if you don't meet your dream course's entry requirements straight out of school. Many universities will accept Certificate IV and higher qualifications for entry into most courses. Plus, doing a TAFE/VET course first can be a great way to get a feel for what post school study is like.

### Career Changers

If you work in the same job for a while but just find it isn't for you anymore, TAFE/VET is a great way to get re-skilled quickly and into a brand-new career. Some courses can be completed in as little as six months, meaning you can jump into your new job sooner.
