## JOB OPPORTUNITIES

### READY TO ENTER THE WORLD OF WORK?

Are you ready to start working? If you're keen to pick up your first job, we've got some tips and advice you might find handy.

#### Where to find work

There are tons of places you can find jobs. Most popular is by searching online – particularly if you are moving to a bigger city. There are handy sites like [Seek](#) and [Indeed](#) that lots of employers will list job openings with. Lots of big employers (think places like McDonalds, Kmart, Woolworths, etc.) take applications directly through their websites. If you're unsure, search them up and see what you can find, or talk to someone at your local store.

See if your favourite store has a 'help wanted' sign in the window, or just head in and ask. Even if they don't have any availabilities right now, they might keep your resume on file for future opportunities.

Try asking your parents, your friends, or your school, if they know anyone who might be looking for work. Word of mouth is a great way to get your name out there.

## UNIVERSITY TOURS

Thinking about studying at a particular university, but aren't quite sure yet? Maybe checking out the facilities will help to solidify your decision. And the best way to do that is to go on a campus tour.

Pretty much every university in the country runs campus tours, ready to show prospective students around the grounds – from classrooms to accommodation, recreation facilities, and more, you can get a little taste of what uni life has to offer.
