Uni of Melbourne VCE Summer School

VCE Summer School (VCESS) is a two-week tutoring program that takes place in January and aims to help VCE (Year 11 and 12 2022) students from a range of backgrounds gain a head start on their final years of secondary education. The program has a particular focus on creating a healthy study-life balance and providing tutoring on the widest range of subjects. In fact, in previous years we have had tutors for each and every VCE subject students have taken, no matter how small the subject may be. VCESS 2022 will take place **January 10th – 21st 2022.**

Program Structure in 2022

Option 1 - In person component: Students will be invited onto the University of Melbourne campus to meet with peers and tutors for informal study, events, and workshops for four days during the program. There will be an organised tour of the University campus, an opportunity to attend a VCE English lecture, and various workshops focused on wellbeing, practical learning, and study skills. Students can meet with tutors from a variety of study areas to ask questions about academic content and to explore their options for future study.

VCESS offer a **residential** program for students from **Rural or Regional backgrounds** who could not otherwise attend Melbourne-based program activities. Students in the residential program complete academic classes and events with day students, additional activities and workshops, and are provided with food and accommodation for the duration of the one week program. It's a great opportunity to make friends from all across Victoria.

Option 2 - Online component: For VCESS 2022, academic classes will be delivered online through academic tutorials with a tutor and a subject booklet provided for each subject.
