EMPLOYMENT

Fair Work Resources for Students and Young People

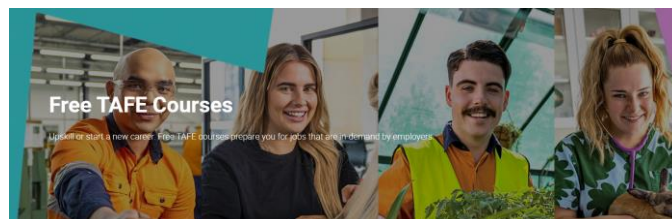

About to start a new job and feeling a little nervous? Don't worry, it's totally normal – and the Fair Work Ombudsman has a stack of resources that can help ease your fears.

From everything to knowing your rights, being prepared for your first day, to dealing with issues that arise in the workplace, they have you covered.

Visit:

www.fairwork.gov.au/find-help-for/young-workers-and-students

TAFE

Get the skills you need, without the tuition fees

Skill up to get the job you want, thanks to the Victorian Government's Free TAFE program. You can now access more than 80 Free TAFE qualifications and short courses without the cost of tuition fees, even if you already hold a VET qualification or degree.

In addition to the Free TAFE courses the Victorian Government has provided since 2019, the Australian Government has announced an additional 300,000 Fee-Free TAFE and vocational education places, available nationally from January 2024.

With more Free TAFE on offer there is no better time than now to kick-start your new career or to upskill. Check out the wide range of Free TAFE courses on this page and find a course that is right for you.

What are Pre-apprenticeships?

Pre-apprenticeships are entry level training which can provide a pathway into the industry of your choice.

Benefits of undertaking a Pre-apprenticeship

- Find out whether a particular industry is right for you, without committing to a full apprenticeship
- Undertaking a pre-apprenticeship that includes work experience will help with your chances of finding work, by giving you direct experience to put on your resume
- Develop basic on-the-job skills and some industry-specific skills
- The provider you are doing a pre-apprenticeship with may be able to help you find an employer
- Some employers, particularly in the trade industries, have a preference for people who have completed a pre-apprenticeship. They see the initiative as providing a good grounding in basic skills and workplace awareness
- You may receive credit for the study completed, which could shorten the time it takes to complete a full apprenticeship.

For further information visit:

www.apprenticeships.gov.au/about-apprenticeships/types-apprenticeships#3-pre-apprenticeships-4

FROM MACEDON TO THE MURRAY

Do you want to work in one of the most exciting regions in Victoria? The diversity of the jobs available will astound you. Whether you are seeking full-time, part-time, casual or contract work - or even work experience - our region has something for you.

Local Jobs was created after research across our region showed local employers have jobs across a huge range of industries but are having trouble finding employees. Job seekers, on the other hand, are not aware of the opportunities on offer. Young people leaving school are particularly unaware of the exciting opportunities in our region, despite being in high demand.

Local Jobs is designed to bridge this gap, connecting local employers with jobseekers.

The possibilities in our region are endless. Whether you are looking for a job in food, hospitality, technology, health and wellbeing, trades, agriculture, administration and business, creative industries, physical activity, tourism, or science (and more!) our region has something for you.

Local Jobs has been created by a partnership of four Local Learning and Employment Networks to provide both employers and job seekers a dynamic, digital platform where they can engage, learn and connect. It is free thanks to the support from Agnico Eagle Community Partnerships Program and the Australian Government Department of Employment and Workplace Relations.

If you're a Jobseeker, you can use Local Jobs to:

- Search for jobs from Macedon Ranges to the Murray.
- Create an AirCV and get smart matched to job roles.
- Set job alerts (for free) and receive opportunity updates direct to your inbox.

If you're an employer, you can use Local Jobs to:

- Advertise your jobs, promote them to Social pages and download a QR coded job poster to display in your community.
- Search AirCV's and create Talent Pools to prepare for future hiring needs.
