You can filter your search by subject area, location, duration, qualification level, institution type, and more. You can also see the entry requirements for each course, so you can work out which courses you might be eligible for in a flash.

My Skills website is the national directory of vocational education and training (VET) organisations and courses e.g., TAFE. It is an Australian Government initiative to enable consumers to search for, and compare, VET courses and training providers.

There's never been a better time to train for a new career, with an expansion of the Victorian Government's Free TAFE Initiative putting more courses at people's fingertips. The skills we need to build our state are learned at TAFE. Free TAFE for priority courses covers tuition fees for students who are eligible for government-subsidised training. From January 2022, Free TAFE will expand to offer more than 60 courses, helping to address Victoria's skills and training needs for its future.
