## Discover all you need to know about studying Fashion at RMIT.

**Thursday 6<sup>th</sup> May 5:00 pm - 6:00 pm**

From design to textile development, merchandising to marketing, build a beautiful portfolio of work and make your mark on the fashion industry. This is the perfect session if you're in secondary school and are considering studying Fashion courses at RMIT.

You'll hear from our staff and a current student on:

- Course options
- Industry Experience
- Global Opportunities
- Prerequisites and Pathways
- Clubs and societies
- Our graduates

You'll have the chance to ask questions and find out where Fashion at RMIT might take you.

## Discover all you need to know about studying Architecture at RMIT.

**Tuesday 11<sup>th</sup> May 5:00 pm - 6:00 pm**

At RMIT, architecture is focused on design. You'll explore innovative practices in an environment that promotes project-based research, critical debate and rigorous enquiry.

This is the perfect session if you're in secondary school and are considering studying an Architecture course at RMIT.

You'll hear from our staff and a current student on:

- Course options
- Industry Experience
- Our state of the art facilities
- Global Opportunities
- Prerequisites and Pre Selection Tasks
- Clubs and societies
- Our graduates

You'll have the chance to ask questions and find out where Architecture RMIT might take you.

### Environmental Course Information Webinar

**Wednesday 5<sup>th</sup> May 6:00pm – 7:00pm**

If you're dreaming of a career that will truly enable you to make a positive impact, start your journey with an environment course at Deakin. With a focus on practical experience and work-ready outcomes, all our courses also include a professional placement unit, giving you the opportunity to get your foot in the door at some of the most high-profile organisations in the industry.

Register now for our course information webinar and hear about our courses in:

- Bachelor of Environmental Science (Environmental Management and Sustainability)
- Bachelor of Environmental Science (Marine Biology)
- Bachelor of Environmental Science (Wildlife and Conservation Biology).

If you're passionate about protecting natural resources and improving the health of the planet, Deakin's environment courses are for you.

### Criminology Course Information Webinar

**Monday 10<sup>th</sup> May 5:30pm – 6:30pm**

Are you ready to make a change in understanding and preventing crime?

The Bachelor of Criminology strikes the perfect balance between theory and interactive learning. Taught by renowned academics, it's designed in conjunction with Government bodies including Victoria Police and the Australian Criminal Intelligence Commission to ensure you're learning the most up-to-date industry-relevant topics possible.

Deakin offers one of the few dedicated criminology courses in Australia, making it the ideal steppingstone for those seeking a career in the criminal justice system.

Join our online course information session with Deakin's criminology experts, who will discuss:

- course structure and length
- course options
- criminology careers and work experience opportunities.

You'll also have the chance to learn more about the pathways available into this course.

### Engineering Course Information Webinar

**Tuesday 11<sup>th</sup> May 6:00pm – 7:00pm**

Become a design-driven, innovative and entrepreneurial engineer with the skills required to succeed in a rapidly changing, ever-evolving industry.

Register now for our course information webinar and learn more about what our engineering courses have to offer, including Deakin's innovative PODBL (Project-Oriented Design-Based Learning) approach – where our students work on real industry projects as part of their degree and gain practical, hands-on experience.

You'll also learn about our state-of-the-art facilities, including Deakin's \$55 million engineering training precinct. Discover how you'll learn directly from industry experts who'll prepare you to graduate with the skills needed to launch a successful career.

### Bachelor of Arts Course Information Webinar

**Wednesday 12<sup>th</sup> May 5:30pm – 6:30pm**

Want the flexibility to forge a career that you love?

With over 30 disciplines available, you can tailor your Bachelor of Arts degree to suit your ambitions. Join our webinar to learn how you'll develop highly transferable and career skills, which will ensure you're adaptable and have a valued skill set in any climate.

Our experts will discuss:

- course structure and how you can shape your studies to benefit your career aspirations
- the specialised and multidisciplinary skills you'll develop under the guidance of industry leaders
- work-integrated learning opportunities
- the benefits of pairing a Bachelor of Arts as a double degree.

### Meet Melbourne Webinar Series 2021

#### Bachelor of Biomedicine: Your Pathway to a Career in Health

**Wednesday 5<sup>th</sup> May 6:00 – 6:45pm**

The Digital Apprenticeship Program is for Australian citizens who are passionate about digital technology. You don't need a degree or any prior study for the program. You just need to be interested in digital tech and solving problems. So, if you're looking for a career change or finishing year 12, this program is for you.

If you enjoy pulling apart or building PCs, setting up home networks, building apps, finding trends in data or simply problem solving and making things simple, then you should consider applying.

A career with the Australian Government can give you valuable industry experience while working on projects that help everyone. From technical problem solving and analytics to digital design and development, you can find an opportunity to suit your level of skill and experience.

Apprenticeship locations vary each year, past participants have been placed in the following locations:

- Canberra
- Melbourne
- Brisbane
- Adelaide
- Perth

Applications for the 2022 program will open soon.
