Open September 4th 2020

www.youthrivevictoria.org.au/scholarships/rural-chances/how-to-apply/

TERTIARY ACCESS PAYMENT

Starting in 2021, the Tertiary Access Payment will significantly benefit school-leavers who live in outer regional and remote Australia to access tertiary education. An estimated 8160 tertiary students will be eligible for this payment in the 2021 academic year. This measure will encourage and assist regional and remote students to access tertiary study immediately following school (year 12), rather than taking a gap year by providing a one-off, non-indexed payment of \$5,000 to school-leavers from outer regional or remote areas who relocate to undertake full-time, higher-level tertiary education. These payments will be demand-driven to have the flexibility to respond to increased tertiary participation.

This payment will be available for school-leavers who are from an outer-regional, remote, or very remote area enrolled in a Certificate IV or above qualification who relocate more than 90 minutes from their home.

For further information visit:

www.dese.gov.au/document/more-opportunities-regional-students-tertiary-access-payment

UPCOMING INFORMATION SESSIONS

Diploma of Nursing

Tuesday 28th July 5:00pm (On-line)

www.eventbrite.com.au/o/bendigo-tafe-information-sessions-3346265028

www.monash.edu/inside-monash

Webinar: Student and Alumni Education Panel – Adventures in Education

Wednesday 22nd July 5:30 – 6:30pm

Hear from students and alumni about their fantastic journeys in education, from completing placements in countries like Japan and the Cook Islands to landing a job in corporate training and international education.

Ask the panel anything you'd like to know about studying a Bachelor of Education (Honours). You'll also learn about pathways, double degrees, entry requirements, professional experience and more.

Webinar: Nursing and Midwifery

Thursday 23rd July 6:00 – 7:30pm

Did you know nurses and midwives make up nearly 50% of the health workforce worldwide? Our nursing and midwifery degrees prepare you to play a crucial role in our healthcare system and make a difference to patients worldwide. If you're looking for a challenging and fulfilling career, where no two days are the same, then join our webinar to learn more about nursing at Monash.

Webinar: Advanced Science Degrees

Tuesday 28th July 6:30 – 7:30pm

Learn about our premier degrees in research, global challenges, and data science. Course directors and current students will be available to give you the inside information on our Bachelor of Science Advanced - Research (Honours); Bachelor of Science Advanced - Global Challenges (Honours); and the Bachelor of Applied Data Science Advanced (Honours).

Public Health and Health Promotion

Tuesday 21st July 6:00pm – 7:00pm

Deakin's **Bachelor of Public Health and Health Promotion** gives you the chance to make a real difference to people's lives on a broad scale. Find out more about this impactful degree and how it can help you shape a healthier, happier future for individuals, communities, and populations. Learn more about careers in public health and health promotion and hear from one of our course experts on where this degree could take you.

OPTOMETRY

Wednesday 22nd July 6:00pm – 7:00pm

Deakin University's 3.5-year accelerated optometry course is a specialised combined degree that focuses on detecting, managing, and treating eye disease and supplying corrective solutions. It leads to registration as an optometrist and provides graduates with the discipline-specific knowledge required to practice as an optometrist throughout Australia and New Zealand.

NURSING AND MIDWIFERY

Thursday 23rd July 6:00pm – 7:30pm

Find out why Deakin's School of Nursing and Midwifery has been ranked in the top 1% in the world for nursing. You'll graduate in demand, with the knowledge, skills, and professionalism to work as a registered nurse and/or midwife in a diverse range of health settings.

EXERCISE AND SPORT SCIENCE

Monday 27th July 6:00pm – 7:00pm

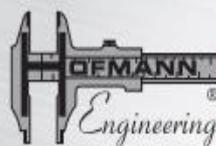

Our exercise and sport science program explores how to improve the wellbeing and performance of individuals, athletes and teams through training, coaching, research and more. This is your chance to discover where a career in exercise and sport science could take you and how you can help shape the future of the sport industry.

NUTRITION

Tuesday 28th July 6:00pm – 7:00pm

Deakin's nutrition program explores the vital role of food and nutrition in human health and disease prevention. Get a taste of what to expect from the **Bachelor of Nutrition Science** and discover what a career in nutrition could look like in the food industry, public health nutrition, media, marketing and beyond.

APPRENTICESHIPS

Webinar: Bachelor of Biomedical Science

Wednesday 22nd July 5:00pm – 5:30pm

Biomedicine is an exciting area that plays a major role in helping people lead healthier lives. In Federation's Bachelor of Biomedical Science. Students learn about the human body and the processes associated with disease. Find out about the wide range of career options available to you at the completion of this degree.

Webinar: Bachelor of Food and Nutritional Science

Thursday 30th July 5:00pm – 5:30pm

Food and nutritional scientists are in high demand in the food industry to manage operations, develop new and better products and processes. There is also a focus on the importance of nutrition to human health, and the sociological and cultural issues relating to food. If you enjoy science and are intrigued by the scientific basis of food production and nutrition, this is the ideal study area for you.

VIRTUAL OPEN DAY

Well, we might not be able to hang out on campus, but we've definitely got the next best thing. No, not piles of free money. The next *next* best thing. An alternate campus reality that lets you explore Swinburne from the comfort of your own... wherever.

Swinburne? Pixelated. You? Pixelated. Professors and pigeons? Pixelated.

Want to visit Swintopia before everyone else? Register and you'll be given early access.

www.swinburne.edu.au/openday/register-win

LATROBE UNIVERSITY – FUTURE STUDENTS YEAR 12 PARENTS SESSION

VTAC applications are opening soon which means your child will be turning to you for advice.

In this webinar we'll demystify the university application process and explain options like SEAS, scholarships, and pathways. You'll learn about the difference between terminology, for example the minimum ATAR and minimum selection rank. Or how change of preference works and whether there are alternative options to their dream course.

WHEN – Tuesday 28th July 5:30pm - 6:30pm

To Register:

www.latrobe.edu.au/events/all/information-session-for-parents

Discover What's Next: Health and Biomedical Sciences
